

Aim:

LifeClubs was brought in to connect people around the organisation to improve communication and engagement..

Solution: Connect Train the trainer programme

As well as running LifeClubs webinars, the Youth Justice Board (YJB) joined LifeClubs in 2019 to trial our 7-part workshop series in both London and Wales.

Connect was a success and six people from within YJB were trained by LifeClubs to host the workshops around the organisation.

Feedback:

Our Connect group had a variety of grades and I got to know everyone in the group really well – being part of the LifeClubs group touched me and moved me – very good learning experience.

Connection and trust were established as a group – I got to spend quality time with colleagues I wouldn't usually interact with. You appreciate you're not on your own. I always left LifeClubs Connect feeling lighter and brighter.
